

Name: Giva

Gender: Female

DOB: 06.03.2024

DOA: 08.03.2024

Height: 46 Cm

Weight: 3.2 Kg

Background history:

The baby girl Giva is a surrendered child. The child was produced in front of Child Welfare Committee and the child was brought to Welfare home for Children for care and protection by CWC order on 08.03.2024.

Child Report:

The female child is very calm and she is settling well in the home. She is being given very good care for her growth. She has normal sleeping

schedule and is being fed milk by bottle.

An MRI scan, Magnetic Resonance Imaging test to check internal structure and BERA, or Brainstem Evoked Response Audiometry test are to be done to find out the level of hearing in child.
